Program Satisfaction

	Strongly Disagree				Strongly Agree
Overall, I was satisfied with this offering.....	O	O	O	O	O
Content was applicable to my practice and/or research..... and valuable to me as a professional.	O	O	O	O	O
Offering was scientifically rigorous and clinical content..... was evidence based.	O	O	O	O	O
My practice or research will be influenced/impacted as..... a result of something I learned in this offering.	O	O	O	O	O

Speakers

	Strongly Disagree				Strongly Agree
Samuel Z. Goldhaber, MD					
Was knowledgeable about the subject matter.....	O	O	O	O	O
Communicated in a manner that held my attention.....	O	O	O	O	O
Used effective instructional techniques.....	O	O	O	O	O

Andrew F. Shorr, MD, MPH

Was knowledgeable about the subject matter.....	O	O	O	O	O
Communicated in a manner that held my attention.....	O	O	O	O	O
Used effective instructional techniques.....	O	O	O	O	O

**I Gained the Skills and/or Knowledge
 that enabled me to:**

	Strongly Disagree				Strongly Agree
Describe the impact of DVT/PE in the cardiology and..... orthopedic patients in the US and to appreciate the world wide impact of VTE	O	O	O	O	O
Identify relevant DVT/PE recommendations and guidelines,..... including those of the ACCP, CMS and relevant professional societies	O	O	O	O	O
Define high risk groups for venous thromboembolism in..... hospitalized patients	O	O	O	O	O
Identify clinical factors that contribute to thromboembolic..... risk in the cardiology and/or orthopedic patient	O	O	O	O	O
Describe recommended strategies for prevention of venous..... tromboembolism for various risk groups	O	O	O	O	O
Discuss therapeutic approaches for thromboprophylaxis,..... including the risks and benefits associated with anticoagulants, low-molecular-weight heparins, and mechanical methods	O	O	O	O	O
Identify patients who qualify for extended-duration prophylaxis...	O	O	O	O	O
Appropriately document DVT/PE patient care (including Risk..... assessment, prophylaxis, and patient discharge instructions)	O	O	O	O	O

Program Evaluation

Program was valuable based on time involved and..... benefits received.	O	O	O	O	O
Program handouts were effective.....	O	O	O	O	O
Audiovisuals added value to the learning experience.....	O	O	O	O	O
Content was fair-balanced and free of commercial bias.....	O	O	O	O	O
How likely are you to take another professional..... education offering from The Research and Education Institute for Texas Health Resources?	O	O	O	O	O
How likely are you to recommend a professional education..... offering to a colleague provided by The Research and Education Institute for Texas Health Resources?	O	O	O	O	O

Improving DVT Prevention, Detection and Treatment in High-Risk Specialties Part 1:
Strategies to improve DVT prophylaxis, early identification, treatment and post discharge follow-up in cardiology and orthopedic patients

1. If we did not succeed in eliminating the perception of commercial bias, please give us specific examples so we can make the appropriate change.

2. Please share one idea or example this program offered that you will be able to take back and use in your profession.

3. Please list one thing that you liked most about today's broadcast.

4. Was there anything that you didn't like about today's broadcast?

5. Please list any topics that you would like to see presented in future broadcast.

6. Please provide any additional comments about today's broadcast.
